

SAFETY DATA SHEET

According to UK REACH Regulation: SI 2019/758

SECTION 1. IDENTIFICATION

1.1 Product identifiers

Product name:	M-Guard Timber Plus
Chemical description:	Water-based acrylic polymer dispersion
REACH Registrations	The ingredients in this composition have been registered by the individual suppliers

1.2 Relevant identified uses of the substance or mixture and uses advised against

Identified uses:	Wood cladding and joinery protection
Uses advised against	All uses not specified in this section or Section 7.3

1.3 Details of the supplier of the safety data sheet

Supplier :	Muralplast 11 Invicta Business Park London Road Wrotham Kent TN15 7RJ
Telephone	+44 (0)1732 884022 (Office hours only)
Email	LUCAS@LUCASUK.com

1.4 Emergency telephone number

<i>Emergency telephone:</i>	0344 8920555 (National Poisons Information Service) * Healthcare professionals only 111 (NHS 111 – UK only)
-----------------------------	----------------------------------------------------------------------------------------------------------------

SECTION 2. HAZARDS IDENTIFICATION

2.1 Classification of the substance or mixture

Classification according to GB Classification, Labelling and Packaging Regulations

	Not classified
--	----------------

2.2 Label elements

Labelling according to GB Classification, Labelling and Packaging Regulations

Product identifier	M-Guard Timber Plus
Pictogram:	Not applicable
Signal word:	Not applicable
Hazard statement(s):	Not applicable
Precautionary statement(s):	P102: Keep out of the reach of children P262: Do not get in eyes, on skin or on clothing P280: Wear protective gloves/protective clothing/eye protection/face protection

SAFETY DATA SHEET

According to UK REACH Regulation: SI 2019/758

	P301+330+331: IF SWALLOWED: rinse mouth. Do not induce vomiting P302+350: IF ON SKIN: Gently wash with plenty of soap and water P305+351+338: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do so. Continue rinsing P314: Get medical advice/attention if you feel unwell P501: Dispose of contents to licensed waste contractor
--	----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

2.3 Other hazards

This substance/mixture contains no components considered to be either persistent, bioaccumulative and toxic (PBT), or very persistent and very bioaccumulative (vPvB) at levels of 0.1% or higher.

SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS

Substance : Not applicable

Mixture : Hazardous ingredients:

Product does not contain any hazardous ingredients at concentrations above the generic cut-off limits.

Chemical name	Identifier	Concentration [% w/w]	Classification Regulation (EC) No. 1272/2008 [CLP]
Not applicable	Not applicable	Not applicable	Not applicable

SECTION 4. FIRST AID MEASURES

Description of first aid measures

If inhaled:	Remove to fresh air, keep patient warm and at rest. If breathing is irregular or stopped administer artificial respiration. Give nothing by mouth. If unconscious place in the recovery position. Seek medical advice if symptoms develop.
In case of skin contact:	Remove contaminated clothing, wash skin thoroughly with plenty of soap and water. Do not use solvents or thinners. Seek medical advice if irritation develops.

SAFETY DATA SHEET

According to UK REACH Regulation: SI 2019/758

In case of eye contact:	If substance has got into the eyes, immediately wash out with plenty of water for at least 15 minutes. Remove contact lenses if present and easy to do so. Continue rinsing. Seek medical advice if irritation persists.
If swallowed	Rinse mouth with water. Do not induce vomiting. Seek medical advice.

4.2 Most important symptoms and effects, both acute and delayed

No known significant effects or critical hazards with the correct use of the product.

Skin contact	There may be mild irritation at the site of contact
Eye contact	There may be irritation and redness
Ingestion	There may be irritation of the throat
Inhalation	No symptoms

4.3 Indication of any immediate medical attention and special treatment needed

Stomach ache, nausea, eye irritation that persists, skin irritation
Obtain medical attention if a large quantity has been swallowed, or in the event of any acute or delayed symptoms. Treat symptomatically.

SECTION 5. FIREFIGHTING MEASURES

5.1 Extinguishing media	
Suitable extinguishing media:	Dry chemical, water spray, foam, carbon dioxide As appropriate for surrounding materials
Unsuitable extinguishing media	Water jet – may spread fire
5.2 Special hazards arising from the substance or mixture In a fire or if heated, a pressure increase will occur and the container may burst. Thermal decomposition will evolve toxic vapours	
5.3 Advice for firefighters Fire fighters should wear complete protective clothing including self-contained breathing apparatus. Cool containers exposed to fire with water spray.	

SECTION 6. ACCIDENTAL RELEASE MEASURES

6.1 Personal precautions, protective equipment and emergency procedures
Put on protective equipment. Keep unnecessary and unprotected personnel from entering spillage area. Prevent further release by, for example, turning container so leak is upward, if safe to do so.

SAFETY DATA SHEET

According to UK REACH Regulation: SI 2019/758

6.2 Environmental precautions
Prevent entry into drains, surface- and ground waters, basements or confined areas. Contain the spillage with bunding.
6.3 Methods and materials for containment and cleaning up
Dilute small spills with water and mop up, or soak up with inert non-combustible absorbent material. Transfer product to suitably labelled container for disposal at an approved site.
6.4 Reference to other sections
See Sections: 8 (EXPOSURE CONCERNS/PERSONAL PROTECTION) and 13 (DISPOSAL CONSIDERATIONS)

SECTION 7. HANDLING AND STORAGE

7.1 Precautions for safe handling	
Precautions:	Ensure good ventilation
Fire and explosion protection measures:	No specific protective measures are required
7.2 Conditions for safe storage, including any incompatibilities	
Requirements for storage areas and containers:	Store in a cool, well-ventilated place. Store in dry conditions between 5 degC - 25 degC . Protect from frost. Protect from sunlight and sources of direct heat. Keep in original container. Keep container upright and sealed when not in use.
Shelf life:	24 months
Incompatible products:	Oxidising agents, strong acids
7.3 Specific end use(s): Waterproofing agent	

SECTION 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

8.1 Control parameters

WEL: Workplace Exposure Limit (UK HSE EH40)

Ingredient	LTEL (8 hours)	STEL (15 minutes)
Not applicable	-	-

Biological Exposure Limits: No data available

DNEL: No data available

SAFETY DATA SHEET

According to UK REACH Regulation: SI 2019/758

PNEC: No data available

Information on monitoring procedures:

Recommended monitoring procedures: Not applicable

8.2 Exposure controls

Individual protection measures, such as personal protective equipment:

Engineering controls	Use outdoors or with good ventilation.
General safety and hygiene measures:	Observe the general principles of safety and hygiene. Do not eat, drink, or smoke while working. Wash your hands thoroughly before breaks and after finishing work. Wash contaminated clothing before reusing. Ensure that eyewash stations are close to the workstation location.

8.3 Personal Protective Equipment

Respiratory protection:	Not normally required if ventilation is adequate. If air concentrations are high e.g. spraying, a particulate mask (FFP1) or respirator with Type A filter (Organic vapour) may be suitable (EN149). Where air filtering respirators are unsuitable (risk of oxygen deficiency, confined space) use appropriate positive pressure breathing apparatus.
Hand protection:	Impervious plastic or rubber gloves – Nitrile, butyl, PVC, Viton. Breakthrough time 480 minutes
Eye/face protection:	Wear goggles (EN166).
Body/skin protection:	Wear overalls and boots
Control of environmental exposure:	Avoid release to the environment

SECTION 9. PHYSICAL AND CHEMICAL PROPERTIES

9.1 Information on basic physical and chemical properties	
(a) Appearance	Colourless liquid
(b) Odour	Mild, soapy
(c) Odour Threshold	Not determined
(d) pH	6
(e) Melting point/freezing point	Not applicable. Test not scientifically justified
(f) Initial boiling point and boiling range	100 degC
(g) Flash point	> 93 degC
(h) Evaporation rate	Not applicable. Test not scientifically justified
(i) Flammability (solid, gas)	Not applicable. Product is a liquid

SAFETY DATA SHEET

According to UK REACH Regulation: SI 2019/758

(j)Upper/lower flammability or explosive limits	Not applicable. Test not scientifically justified
(k)Vapour pressure	Not applicable. Test not scientifically justified
(l)Vapour density	Not applicable. Test not scientifically justified
(m)Relative density	1.0
(n) Water solubility at 20 degC	Soluble in water
(o)Partition coefficient: n-octanol/water	Not applicable. Test not scientifically justified
(p)Auto-ignition temperature	Not applicable. Test not scientifically justified
(q)Decomposition temperature	Not applicable. Test not scientifically justified
(r)Viscosity	Not available
(s)Explosive properties	Product does not contain any structural groups that possess explosive properties
(t)Oxidizing properties	Product does not contain any structural groups that possess oxidising properties
9.2 Other safety characteristics:	Volatile Organic Content (VOC): 0.2 g/litre

SECTION 10. STABILITY AND REACTIVITY

10.1 Reactivity: Non-reactive under normal conditions of transport and storage. Does not undergo hazardous polymerization.

10.2 Chemical stability: The product is stable when used properly and stored.

10.3 Possibility of hazardous reactions: No hazardous reactions known

10.4 Conditions to avoid: Protect from sunlight and temperature above 30°C, and against freezing

10.5 Incompatible materials: Oxidising agents, Strong acids

10.6 Hazardous decomposition products: Combustion may produce toxic fumes

SECTION 11. TOXICOLOGICAL INFORMATION

11.1 Information on toxicological effects (Mixture)

Acute toxicity Ingestion Inhalation Skin contact	ATE > 2000 mg/kg ATE > 20 mg/L ATE > 5000 mg/kg
Skin corrosion/irritation	Based on available data, the classification criteria are not met
Serious eye damage/irritation	Based on available data, the classification criteria are not met
Sensitisation	Based on available data, the classification criteria are not met

SAFETY DATA SHEET

According to UK REACH Regulation: SI 2019/758

Carcinogenicity	Based on available data, the classification criteria are not met
Mutagenicity	Based on available data, the classification criteria are not met
Reproductive toxicity	Based on available data, the classification criteria are not met
Lactation	Based on available data, the classification criteria are not met
STOT (Specific Target Organ Toxicity) Single exposure	Based on available data, the classification criteria are not met
STOT (Specific Target Organ Toxicity) Repeated exposure	Based on available data, the classification criteria are not met
Aspiration toxicity	Based on available data, the classification criteria are not met
11.2 Other hazards	

Symptoms/Routes of Exposure

Skin contact	There may be mild irritation at the site of contact
Eye contact	There may be irritation and redness
Ingestion	There may be irritation of the throat
Inhalation	No symptoms
Delayed/immediate effects	No data available

SECTION 12. ECOLOGICAL INFORMATION

12.1 Toxicity Aquatic toxicity (Product) Fish (96 hr) No data available Daphnia magna (48 hr) No data available Algae (72 hr) No data available
12.2 Persistence and degradability Not biodegradable in water
12.3 Bioaccumulative potential The product has no potential for bioaccumulation.
12.4 Mobility in soil The product is readily absorbed into soil.
12.5 Results of PBT and vPvB assessment Not classified as PBT or vPvB.

SAFETY DATA SHEET

According to UK REACH Regulation: SI 2019/758

12.6 Other adverse effects: Toxic to soil organisms

SECTION 13. DISPOSAL CONSIDERATIONS

This material and its container must be disposed of in a safe way. Empty containers may retain some product residues. Avoid dispersal of spilt material and runoff and contact with soil, waterways, drains and sewers. Consult an accredited waste disposal contractor or the local authority for advice.

SECTION 14. TRANSPORT INFORMATION

UN number	The product is not dangerous for road (ADR), rail (RID), sea (IMDG), and air (IATA) transport.
UN proper shipping name	Not applicable
Transport hazard class (es)	Not applicable
Packaging group	Not applicable
Environmental hazards	Not applicable
Special precautions for users	Not applicable

Transport in bulk according to Annex II of MARPOL and the IBC Code : Not applicable

SECTION 15. REGULATORY INFORMATION

Safety, health and environmental regulations specific for the substance or mixture:

15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture	GB Classification, Labelling and Packaging Regulations (EC 1272/2008 as amended by The Chemicals (Health and Safety) and Genetically Modified Organisms (Contained Use) (Amendment etc) (EU Exit) Regulations 2019 No. 720 Schedule 2) Paint, Varnishes and Vehicle Refinishing Products Regulations 2012: 1715 (Volatile Organic Content)
15.2 Chemical Safety Assessment	A chemical safety assessment was not carried out for this product

SECTION 16. OTHER INFORMATION

The following sections contain revisions or new statements: Sections #1 to #16

Page: 8/10

Date: 1 June 2021

SAFETY DATA SHEET

According to UK REACH Regulation: SI 2019/758

Abbreviations

ADR	International Regulation – Carriage of goods by road
ATE	Acute Toxicity Estimate
CAS	Chemical Abstracts Service
DNEL	Derived No Effect Level
EC ***-	European Community Number
EH40	HSE EH40/2015 Workplace Exposure Limits
HSE	UK Health and Safety Executive
IATA	International Air Transport Association
IMDG	International Maritime Dangerous Goods
IMO	International Maritime Organisation
LTEL	Long Term Exposure Limit (8 hours)
MARPOL	International Convention Prevent Pollution from Ships
PNEC	Predicted No-Effect Concentration
PBT	Persistent, Bioaccumulative and Toxic
RID	International Agreement – Carriage of goods by rail
STEL	Short Term Exposure Limit (15 minutes)
VOC	Volatile Organic Content
vPvB	very Persistent and very Bioaccumulative

Mixtures classification methods:

The product has been classified according to the generic concentration limits defined in the Classification, Labelling and Packaging Regulations and the ECHA guidance notes for the classification of mixtures.

Full text of H-Statements referred to under Section 2 and Section 3.

Section 2	Not applicable
Section 3	<i>Not applicable</i>
